25X1

25X1 RHEINMETALL BORSIG ACTIVITIES IN SOMMERDA, 1946 5. RHEINMETALL BORSIG in SOMMERDA. were concerned with the manufacture of the MG.34. fuzes, igniters, typewriters and computing machines. 25X1 EVACUATION TO RUSSIA. a number of people had been evacuated from RHEINMETALL BORSIG, SOMMERDA (THUERINGEN) in 1946. ≕25X1 number of technical personnel who were arrested and taken to Russia appeared to be between 100 and 150 from various plants in the district of which RHEINMETALL BORSIG personnel might have numbered 25. Of these,

from MOSCOW.

in PUTILOWO they did nothing for some four weeks and specialists were sent on to SCHLESDOROSCHNI. This town was stated to be in the BALASCHIKHINSKI RAYON, approximately 25 kilometres from MOSCOW in the direction of KURSK.

not all went to the same place in Russia. Some 20 were taken first of all to

PUTILOWO

breakdown by names is as follows:-

The

On arrive 25X1

was about 60 kilometres
